Over the edge  
Time out of mind  
Forcing the hand  
Towing the line  
But why?  
Look what you're missing  
Turnabout belief  
Always second guessing  
What do you need?  
Rifling obsession  
Searching for the key  
Don't you ever wonder?  
What's in store for thee  
Trouble in spades  
Schooled in "the way"  
Earning the grade  
We must subjugate  
The mind  
Look what you're missing  
Turnabout belief  
Always second guessing  
What do you need?  
Rifling obsession  
Searching for the key  
Don't you ever wonder?  
What's in store for thee  
DEATH, JAIL, OR ROCK-N-ROLL  
I can't deny  
LIVE? BELIEVE? SPEAK?

This heart is yearning  
To tell the world  
They just won't listen  
To these words --- of mine  
Why do I even bother  
Messing with you all  
Like I got nothing better to do  
Then take a fall  
Life's not fair  
Who said it would be?  
Nobody cares  
For the likes of me  
Life's not fair  
Who said it would be?  
Nobody cares  
For the likes of me  
ROCK-N-ROLL  
WON'T LET ME GO  
ROCK-N-ROLL  
WON'T LET ME GO  
No Rock-n-Roll  
Ain't gonna let me go  
ROCK-N-ROLL  
WON'T LET ME GO  
'Cause I won't let it  
Need it loud  
Moving inside

Gods of Rock-n-Roll  
Stand by my side
