

## Fantasy

Alabama

Fantasy, midnight and you and me  
Ecstasy, spirits running wild and free  
Take me away, away.

Outside on a blanket in the moonlight  
It feels right with my arms around you tight  
Laying under heaven watching stars play  
While me and you and mother nature drift away.

Fantasy, midnight and you and me  
Ecstasy, spirits running wild and free  
Take me away, away.

Fantasy, midnight and you and me  
Ecstasy, spirits running wild and free.

Fantasy, midnight and you and me  
Ecstasy, spirits running wild and free.  
Take me away, away.  
Take me away, away.  
Take me away, away...
