## If It Ain't Dixie (It Won't Do)

## Alabama

Oh, I love those Colorado Rockies And that big starry Montana sky And the lights of San Francisco On a California night

Enjoyed those ballgames in Chicago On those windy afternoons It's a big beautiful country But I'm never home too soon

It ain't Dixie, it won't do
If it ain't Dixie it don't feel quite like home
My southern blood runs deep and true, oh yeah

I've had good times North of the line
I've got a lot of good friends too
But if it ain't Dixie, it won't do, it won't do

When the leaves turn in New England I love the chill that's in the air I've walked the New York City sidewalks Had a big time in Times Square

But now my wheels, they're rollin' southward Heaven's comin' into view, oh yeah Home sweet home is Alabama That's what I look forward to

If it ain't Dixie it don't feel quite like home My southern blood runs deep and true, oh yeah I've had good times North of the line Got a lot of good friends too

If it ain't Dixie, it won't do
If it ain't Dixie, if it ain't Dixie
Oh no, no, oh no, oh yeah, oh yeah

Now my wheels are rollin' southward And Heaven's comin' into view, oh yeah Home sweet home is Alabama That's what I look forward to

If it ain't Dixie, it won't do
If it ain't Dixie, oh no, oh yeah
