

Last Kiss

Alabina

Desert has called out my name
I should go out there again
So why could hear somebody pray
And prayers will follow me

Would you carry me
Faithfully, over the seas
I'll open the sky
To kiss you goodbye
Fly-y-y!

You gave up a new sacrifice
You wanted to be with the stars
So no one can read in your eyes
But have you said all your goodbyes?

Would you carry me (carry me)
Faithfully (faithfully)
Over the seas
I'll open the sky
To kiss you goodbye
Fly-y-y

Would you carry me (carry me)
Faithfully (faithfully)
Over the seas
I'll open the sky
To kiss you goodbye
Fly-y-y

Would you carry me (carry me)
Faithfully (faithfully)
Over the seas
I'll open the sky
To kiss you goodbye
Fly-y-y

To kiss you goodbye
Fly-y-y

Kiss you goodbye
Fly-y-y-y
