

## Last Kiss

Alabina

Desert has called out my name  
I should go out there again  
So why could hear somebody pray  
And prayers will follow me

Would you carry me  
Faithfully, over the seas  
I'll open the sky  
To kiss you goodbye  
Fly-y-y!

You gave up a new sacrifice  
You wanted to be with the stars  
So no one can read in your eyes  
But have you said all your goodbyes?

Would you carry me (carry me)  
Faithfully (faithfully)  
Over the seas  
I'll open the sky  
To kiss you goodbye  
Fly-y-y

Would you carry me (carry me)  
Faithfully (faithfully)  
Over the seas  
I'll open the sky  
To kiss you goodbye  
Fly-y-y

Would you carry me (carry me)  
Faithfully (faithfully)  
Over the seas  
I'll open the sky  
To kiss you goodbye  
Fly-y-y

To kiss you goodbye  
Fly-y-y

Kiss you goodbye  
Fly-y-y-y
