

Anywhere Else

Alain Clark

(Verse)

Forgot to cruise all around the world
Party parades and party girls
I don't wanna hang with the boys today
No, they're gonna see me another day

(Chorus)

I don't wanna be
Anywhere else but here right now, baby
I wouldn't wanna be
Anywhere else but here right now, baby
With you

(Verse)

Take out my name from the VIP
Y'all are fun, have a drink from me
I don't need a break or a change of space
You're gonna find me in a better place

(Chorus)

I don't wanna be
Anywhere else but here right now, baby
I wouldn't wanna be
Anywhere else but here right now, baby
With you

(Bridge)

All around the world, there are people chasing dreams
They've got somewhere that they need to go
But when I'm with my girl, I got all my heart desires
So I let all my people know

(Chorus)

I don't wanna be
Anywhere else but here right now, baby
I wouldn't wanna be
Anywhere else but here right now, baby
With you
