

Fell in love

Alain Clark

Well I've been to many places I spent most of my days
travelling round
I took a lot of chances I had romances all over town
It was almost my religion you don't fall in love you
just kiss and say goodbye
I have left many missing me but to say I didn't care
would be a lie

Chorus:

I fell in love every time
I fell in love weak heart of mine

Love has brought me trouble I had a lot of rubble on
the way
One girl wants to play the part that the night before I
blindly gave away

I really care about you babe I promise I won't ever let
you down
Came along another girl a different love and the circle
went around

Chorus x2:

I tried to be so careful with what I said
My heart was never helpful towards my head

Well I've been to many places I spent most of my days
just getting high
I took a lot of chances I had many romances on the fly

Chorus x2:
