And then you press me and I'll press back
Love when you set me all in your rack
I know that I'm at the top of your stack
And you can pitch it if you wanna go slower
And you can mix cuz you've got the power
Just when you thought it was gonna end
You wheel me, wheel me, when I come again yeh

Twist me, twist me, turn me like crazy
Winin' on you can't stop this no way
I'm the record, you are my DJ
Play, play, play, {play}
