

# Precious Illusions

Alanis Morissette

1. You'll rescue me right? In the exact same way they never did  
I'll be happy right? When your healing powers kick in  
You'll complete me right? Then my life can finally begin  
I'll be worthy right? Only when you realize the gem I am

But this won't work now the way it once did  
And I won't keep it up even though I would love to  
Once I know who I'm not then I'll know who I am  
But I know I won't keep on playing the victim

- R1: These precious illusions in my head  
did not let me down when I was defenseless  
and parting with them is like  
parting with invisible friends

2. This ring will help me yet as will you knight in shining armor  
This pill will help me yet as will these boys gone through like water

But this won't work as well as the way it once did  
Cuz I want to decide between survival and bliss  
And though I know who I'm not I still don't know who I am  
But I know I won't keep on playing the victim

- R2: These precious illusions in my head  
did not let me down when I was kid  
and parting with them is like  
parting with childhood best friends

- \*: I've spent so long firmly looking outside me  
I've spent so much time living in survival mode

3. But this won't work as well as the way it once did  
Cuz I want to decide between survival and bliss  
And though I know who I'm not I still don't know who I am  
But I know I won't keep on playing the victim

R1: These precious...
