

# Simple Together

Alanis Morissette

You've been my golden best friend  
Now with post-demise at hand  
Can't go to you for consolation  
Cause we're off limits during this transition

This grief overwhelms me  
It burns in my stomach  
And I can't stop bumping into things

I thought we'd be simple together  
I thought we'd be happy together  
Thought we'd be limitless together  
I thought we'd be precious together  
But I was sadly mistaken

You've been my soulmate and mentor  
I remembered you the moment I met you  
With you I knew god's face was handsome  
With you I suffered an expansion

This loss is numbing me  
It pierces my chest  
And I can't stop dropping everything

I thought we'd be sexy together  
Thought we'd be evolving together  
I thought we'd have children together  
I thought we'd be family together  
But I was sadly mistaken

If I had a bill for all the philosophies I shared  
If I had a penny for all the possibilities I presented  
If I had a dime for every hand thrown up in the air  
My wealth would render this no less severe

I thought we'd be genius together  
I thought we'd be healing together  
I thought we'd be growing together  
Thought we'd be adventurous together  
But I was sadly mistaken

Thought we'd be exploring together  
Thought we'd be inspired together  
I thought we'd be flying together  
Thought we'd be on fire together  
But I was sadly mistaken
