## **Alanis Morissette**

- I won't see my dear friends as much
  Male friends especially, I'll no longer be in touch
  I'll change my hobbies to match yours
  I'll stop reading my favorite books
  I won't spend all this selfish time alone
  I'll cater to you and hang on your every word
- I'll be subservient and spineless
- I'll lick your boots as empty shell
- I'll be opinion less and silent
- I'll be the prettiest appendage to ever lose herself
- I'll re-define self-sacrifice
- Live my life as apologetic compromise
- I'll know you'd leave if I rock the boat
- I'll be subservient and spineless
- I'll lick your boots as empty shell
- I'll be opinion less and silent
- I'll be the prettiest appendage to ever lose herself
- I feel this, truly proclaimed, will help the curbing of this te ndency
- I know this sharing of shame will ensure that I won't forget my self so easily
- I'll be low maintenance and agreeable
- I will not talk about my dreams so much
- I'll listen to you for hours, won't need for anything
- I'll be subservient and spineless
- I'll lick your boots as empty shell
- I'll be opinion less and silent
- I'll be the prettiest appendage to ever lose herself
- I'll be subservient and spineless
- I'll lick your boots as empty shell
- I'll be opinion less and silent
