

# Kick Start My Heart

Alannah Myles

Huh  
You're kinda cool, a little rough  
You're skin and bones and you talk so tough  
You take you're time and you like to make me wait  
Just when I'm ready to accelerate  
You wanna see me in the middle of the night  
You hit the street, you're running every night  
You wanna

Kick start  
My heart  
Kick start my heart  
Kick start  
My heart  
Kick start my heart

You gettin' it goin'  
You got the touch  
Then you tell me that I want too much  
You call me angel, say I'm a child  
Then you hit me with that rebel smile  
You wanna take me and you know I wanna go  
I lose control so easily you know how to

Kick start  
My heart  
Kick start my heart  
Kick start  
My heart  
Kick start my heart  
Kick start my heart  
Kick start my heart

Kick start  
My heart  
Kick start my heart  
Kick start  
My heart  
Kick start my heart

Kick start  
(Keep it goin')  
Oh I can't start  
(Start my heart)  
Kick start my heart  
Kick start  
(Keep it goin')  
My heart  
(Got the touch)  
Kick start my heart

Kick start  
(Keep it goin')  
My heart  
(Start my heart)  
Kick start my heart  
Kick start

(Keep it goin')  
My heart  
(Got the touch)  
Kick start my heart

Kick start  
(Keep it goin')  
My heart  
(Got the touch)  
Kick start my heart  
Kick start  
My heart
