

# Trouble

Alannah Myles

When it comes to trouble  
I don't think twice  
When it comes to trouble  
I've paid the price  
I've let my guard down  
And I been caught  
There ain't a lesson baby  
I ain't been taught

Comon' trouble  
Ah hoo  
I'm in trouble  
Ah ooh, hoo, hoo hoo  
I call 9, 1, 1, when I'm in a fix  
When I need you baby I call 6, 6, 6,  
I'm in trouble

You might be the last  
You sure ain't the first  
I could be the best for you baby  
Or I could be the worst  
If we let it slide  
It'd be a crying shame  
We got the same bad blood runnin' through our veins

Trouble, trouble 'round the bend  
Trouble, I'm gonna get in you  
I ain't lyin' baby,  
Ah ooh, hoo, hoo hoo,  
Comon' trouble, damn that trouble  
Comes to trouble, I need a fix,  
I call 6, 6, 6, oh yeah, I'm in trouble again...  
Uh, uh, uh uh huh, yeah
