

## Evil

Alastis

Spirit of infinity, traveller of an other age  
Omitted from the people`s memory  
Lost in the maze of the time  
He keeps the faith, He believes in us.

Evil, "I will give your blood"... Take mine!  
Evil, "I will give your soul"... Just try to find mine!  
Evil, "... " don`t let the old fears take part from Him  
Evil, "... " don`t let the ignorance subjects us...

Spirit of the light, spirit of knowledge  
He frees us from the time`s constaints  
In order to find the the strength and the way  
To reveal at the people`s conscience  
The divine power who dozes in them...

Evil...  
For love, for hate  
For pleasure, for duty, Kill...  
Evil...
