

# Through Your Torpor

Alastis

From the power, the power of your faith  
Is born the life`s fire  
Still believe, in the spiritual union  
Still believe in your power  
And live, and die in peace!

Beyond the life, the life`s mirror  
Look at your destiny  
Beyond the life, the life`s mirror  
Don`t let the doubt come over  
And live, and die in peace

Live, live for you, fight for Him  
Don`t let the doubt come over...

I`am still alive, I`m still the same  
I`am still alive, I`m still your faith  
I`am still alive, I`m still the same  
I`am still alive, I`m still the same

I follow you through you nightmare  
I follow you through you life  
I follow you through you your destiny  
I follow you through you your torpor!  
I`am still alive, I`m still the same  
I`am still alive, I`m still your faith  
I`am still alive, I`m still the same  
I`am still alive, I`m still yourself
