

Black Cat Bone

Albert Collins

I believe, My baby got a black cat bone
I believe, My baby got a black cat bone
Seems like everything I do
Seems like I do it all wrong

I tried so hard, to get along with that woman of mine
I tried so hard, to get along with that woman of mine
Seems the more I try

She goes around cheatin' and Lyin'.

I walked all the way from Dallas
Down to Wichita Falls
Got to thinkin' 'bout that Big Leg Woman
And it weren't no walk at all

I believe My baby got a black cat bone
