

In Transit

Albert Hammond, Jr.

Free from it all
I'm not gonna change till I want to

And I'm free from it all
I'm not gonna change till I want to

By the way she looked I should've calmed down
I went too far
Oh that's all I got to say

By the way she looked I should've calmed down
I went too far
Oh that's all I got to say

Free from it all
I'm not gonna change till I want to
And I'm free from the world
Where I built too many roads

By the way she looked I should've calmed down
I went too far
Oh that's all I got to say

By the way she looked I should've calmed down
I went too far
Oh I went too far
