Good Morning Mama Jam, I've got to go away
The world is waiting on me
I saw my destiny in a vision, I've got to play my part
So many rainy day and beater tears
I'll face along the way
I need to keep my direction, well then
I'll be there Zion

chorus :

I've got to work, got to work, got to work right now
Jah people must work, reggae people must work
'cause Jah Jah music cyaan stop
'cause dis ya riddim keep me rocking, rocking me away
