

## Blue boar

Alcatrazz

Riding down the spine that is  
The backbone of the island  
Welcomes back this English man  
You've been a stranger too long  
I am riding on motorway one  
Four o'clock in the morning  
I know that my day's never done  
So I know where I'm goin'

Tell me how it went the night before  
Tell me leather angels  
Was it the heaven you've been lookin' for?

This is the Blue Boar restaurant  
The rock and roll oasis  
We are all too famous here  
Please don't look at our faces  
When we sit with our sunglasses on  
Four o'clock in the morning  
I can't give you my autograph son  
Sorry I must be going

Tell me how it was the night before  
The night before  
Tell me leather angels  
Was it the heaven you're been lookin' for?  
Tell me how it went the night before  
The night before  
Tell me leather angels  
What was the heaven you've been lookin' for?
