Ooo ooo, baby that's right  
Come along just be who you are  
Come out and play with Alcazar

Blame it on the disco  
Blame it on the lights  
Ah ah, we're gonna party tonight  
Blame it on the disco  
Blame it on the drums  
Dance till tomorrow comes  
See my smile, I kiss the sad goodbye  
With a dance under the neon sky  
Ooo  
Blame it on the disco  
Blame it on the drums  
Dance till tomorrow comes

3 AM and I'm going home  
Ooo ooo, but I'm not alone  
4 AM kissed from head to toe  
Ooo ooo, I never say no  
Boys and girls get ready for fun  
The DJ plays our number one  
Ooo
