Alcazar

Burning, burning  
Burning, turning

Burning, burning  
Baby you've got me burning  
Got me tossing and turning, turning  
Baby you've got me burning

Up until the day we met  
I was doing fine  
Now I don't know how to get  
You right off my mind

Then you know how it feels  
When the ground seems to shake  
Underneath your feet  
I never felt so weak

Cause baby you've got me burning, burning  
You've got me falling so deep  
Got me tossing and turning, turning  
I'm so tired but I still can't sleep

I see your face in front of me  
You're in my every dream  
In every feverish fantasy  
Scary how real it seems

Then you know how it feels  
When you're caught up in love  
And consumed by desire  
The way your hearts on fire

Cause baby you've got me burning, burning  
You've got me falling so deep  
Got me tossing and turning, turning  
I'm so tired but I still can't sleep

You just see how I feel  
Reach the point where I'm burning up inside  
You brought my heart on fire

Cause baby you've got me burning, burning  
You've got me falling so deep  
Got me tossing and turning, turning  
I'm so tired but I still can't sleep
