

# Chemistry

Alcazar

Hey you, standing in the corner, looking like a loner  
Don't you want to be mine  
Hey you, dancing like a zombie, feel the rhythm like me  
Don't you want to be mine  
You know it's Saturday tonight, I got the fever  
(Fever)  
And when the music take control, you got to be there  
(Be there)  
Let's have a good time, forget about the reality  
'Cause you and I make chemistry  
Sometimes the best times of you are fantasy  
'Cause you and I make chemistry  
Hey you, put your hands on my hips, music's loud so read my lips  
Don't you want to be mine  
So you, I knew the second I saw you, you and I are just so cool  
Don't you want to be mine, mine, mine, mine  
'Cause when I look into your eyes I know you got it  
(Got it)  
And when you look into my eyes, you know I want it  
(Want it)  
Let's have a good time, forget about the reality  
'Cause you and I make chemistry  
Sometimes the best times of you are fantasy  
'Cause you and I make chemistry  
Good time, forget about the reality  
'Cause you and I make chemistry  
Sometimes the best times of you are fantasy  
'Cause you and I make chemistry  
I think I'm in love, I think I'm in love  
I think I'm in love, I think I'm in love  
You know it's Saturday tonight, I got the fever  
(Fever)  
And when the music take control, you got to be there  
(Be there)  
Let's have a good time, forget about the reality  
'Cause you and I make chemistry  
Sometimes the best times of you are fantasy  
'Cause you and I make chemistry  
Good time, forget about the reality  
'Cause you and I make chemistry  
Sometimes the best times of you are fantasy  
'Cause you and I make chemistry  
I think I'm in love  
(Cause you and I make)  
I think I'm in love  
(Chemistry)  
I think I'm in love  
(Cause you and I make)  
I think I'm in love  
(Chemistry)
