

Dance With The DJ (Original Edit)

Alcazar

DJ
Ooh - aah
Again and again
Ooh - aah
Again and again
Oh my God
Dance with the DJ

The Club Sexual on Rue de France
A one night song - a one night stand
On disco floors got hard core
And choose the DJ - not the man

The record he plays like sexual waves
I felt the music in his touch
The look in his eyes
The rhythm inside
I want this night to last forever

Feel the DJ making love to me
The deeper the groove the faster I breathe
My body vibrating from the frequency
Oh - dance with the DJ
Intensity builds and I feel the rush
The way that I scream the sound of my love
He took me tonight on the dancefloor of the club
Yeah - dance with the DJ

Ooh - aah
Again and again
Ooh - aah
Again and again
Oh my God
Dance with the DJ

I know the song - I don't know his name
I feel the signature in his sound
The sweat reacts on my pretty face
I fantasize how I go down

So play for me - we'll be discrete
No one will know no one will see
Lost in the song we'll go all night long
I want this night to last forever

Feel the DJ making love to me ...

Dancer and DJ becoming one
Calling my body and I'm ready to come
The way that I dance - you know the way I love
Oh - dance with the DJ
The finger on the groove making me wet
The deeper you go the more I sweat
He took me tonight on the dancefloor of the club
Yeah - dance with the DJ

I want this night to last forever

I want this night to last forever
Forever
Forever
Forever
Dance with the DJ

Feel the DJ making love to me ...

Ooh - aah ...
