

Not A Sinner Nor A Saint

Alcazar

Tell me your destination
Could need some inspiration
Don't make too much of it
Now let's not analyze
This is the game with no rules
I won't commit to I do
All I can say for sure is
What will be, will be
In tears of joy and a lack of sorrow
Lack of sorrow
I live my life the way I planned
I am not a sinner, nor a saint
Not that I will loose my head and faint
Every time we touch, no
Am I forgiven living and loving my way
I am not a sinner, nor a saint
You never gonna break my heart I ain't
Gonna let it happen no, am I forgiven
Confessions are made in the name of myself
Am I a bad boy maybe
Am I a sad boy let see
I can't remember crying since I was a child
Don't need no babysitter
No I am not that bitter
I get my satisfaction every now and then
In tears of joy and a lack of sorrow
Lack of sorrow
I live my life the way I planned
I am not a sinner, nor a saint
Not that I will loose my head and faint
Every time we touch, no
Am I forgiven living and loving in my way
I am not a sinner, nor a saint
You never gonna break my heart I ain't
Gonna let it happen, no, am I forgiven
Confessions are made in the name of myself
Aaa, not that I will loose my head and faint
Every time we touch, no, am I forgiven
Living and loving in my way
I am not a sinner, nor a saint
You never gonna break my heart I ain't
Gonna let it happen, no, am I forgiven
Confessions are made in the name of myself
