Alcazar

So if you want my number
My sexual guarantee
And if you need my lovin'

There's magic in the air
The club is always jumpin'
And everybody's there
A mood of expectations
We dance under the stars
The bells that strike at midnight of Alcazar
So if you want my number
My sexual guarantee
And if you need my lovin'

I know that you've been crying
The tears in your champagne
Let clouds of joy come drowning
We're crying in the rain
Cause everybody dancing
Looks like a superstar
The bells that strike at midnight of Alcazar
