

We Keep on Rockin'

Alcazar

Check your connections
Here is the solid
Floor on the floor
Close to perfection
You just wanna
Come back for more

(Hey now! Hey now!)
Move it all up now
(Hey now! Hey now!)
We raising apart
(Come on! Come on!)
Get on the ship to a place among the stars

We keep on rocking
Baby don't stop
We keep on rocking
Can't get enough
We keep on rocking
Baby don't stop
We never give it up

Try to surrender
It's a party
Out of control
Disco defenders
Never loose it
Body and soul

(Hey now! Hey now!)
Move it all up now
(Hey now! Hey now!)
We raising apart
(Come on! Come on!)
Can't get enough
For the groove of Alcazar

We keep on rocking
Baby don't stop
We keep on rocking
Can't get enough
We keep on rocking
Baby don't stop
We never give it up

We keep on rocking
Baby don't stop
We keep on rocking
Can't get enough
We keep on rocking
Baby don't stop
We never give it up

If that party ? power and going
Bringing on the killing hug
The time machine is slamming
The funky place is jamming

Throwing in the party look
