

Foolin' Yourself

Aldo Nova

I saw you walk down the street with somebody new
It's funny, people I meet they talk about me and you
But who's to blame for our being apart, or is it me or is it yo
u

And whoever say that you're still in my heart
'Cause now really the best I can do, is say

Chorus:

So Long, it's sad to say but you're only foolin' yourself
So long, I'm glad you're happy that way

But you're only foolin' yourself
you're foolin' yourself

It's funny I couldn't see, the change you went through
All the new friends that you'd meet

And the places they took you to
And all you could say, you would say,

"They're just friends"

And you'd laugh in my face 'cause you knew
And I'd never know where you'd been late at night
So now really the best I can do, is say

Chorus:

So now you walk down the street with somebody new
It's funny, people I meet, they don't talk about me and you no
more

But who was to blame for our being' apart

Was it me or was it you

And who would've said, that you were in my heart

'Cause now really the best I can do is say

Chorus
