

# You're My Love

Aldo Nova

Hey, where you going to  
I can see by your eyes  
You've had enough of my lies  
What you gonna do  
But wait. Please, don't go that way  
I'm down on my knees  
Can I beg you please  
One more time to stay, stay  
No, never go away  
Your eyes I'd see everywhere  
Till my dyin' days  
So please, I'm down on my knees  
No more lies you hear  
No cry, no tears  
Oh I beg you please, please  
If you go away  
Then I'd be lonely  
Thinkin' about your eyes  
Your mile, you lips, your touch, your kiss  
All those empty lies  
Don't wanna be lonely, forever without your love  
Your smile, your lips, your touch, your kiss  
Baby, you're my love  
Babe, I'd be lonely  
Thinkin' about your eyes  
Your smile, your lips, your touch, your kiss  
All those empty lies  
Don't wanna be lonely  
Forever without your love, your smile, your lips, your touch, y  
our kiss  
    Baby, You're my love  
    Baby, You're my love  
    Baby, You're my love  
    Baby, You're my love
