

# I Don't Understand

Alecia Elliott

There's a little girl livin' on the street  
I don't understand  
Turnin' tricks to get some some food to eat  
I don't understand  
There's a mama prayin' to god to bring her baby back  
I don't understand  
I don't understand

There's a crack house down across the tracks  
I don't understand  
People tradin' smoke for cold hard cash  
I don't understand  
There's just no way this could be part of the greater plan  
I don't understand  
I don't understand

Is everybody livin' in a world without windows  
Am I the only one who ses  
If this is all that's left of what was once the promise land, oh  
I just can't comprehend it  
I just don't understand

There's a daddy walkin' out the door  
I don't understand  
Leavin' three kids who need him more  
Then he understands  
These days the trouble starts right where the family ends  
I don't understand  
I don't understand

Is everybody livin' in a world without windows  
Am I the only one who ses  
If this is all that's left of what was once the promise land, oh  
I just can't comprehend it  
I just don't understand

Is everybody livin' in a world without windows  
Am I the only one who ses  
If this is all that's left of what was once the promise land, oh  
I just can't comprehend it  
I just don't understand

I don't understand
