

That's The Only Way

Alecia Elliott

I could stay here in this moment
Let tomorrow go
You could ask me if I love you
If I dance around the truth with you
It would only be a lie
'Cause all I really want to do
Is love you 'till the day I die

[Chorus:]
Whole heartedly
Every part of me
All or nothig, nothin' else would do
Touching heart and soul
Never letting go
Baby that's the only way
To love you

I'm gonna give you honesty
That's what you deserve
A promise to believe in
You can count on every word
Faithful and forgiving
That's how I want to be
It's gonna be so easy
'Cause baby that's the way you love me

[Chorus]

Touching heart and soul
Never letting go
Baby that's the only way

[Chorus]

To love you [Repeat]
