

# Moonshine

Alee

Old state line, a beaten down sign sits right where I left it  
Hadn't been back in years  
There's your truck collecting it's dust, right where you left it  
It's not the same without you here

Every day I would wait, I would pray he could stay here with me  
No, I don't want to let go, I hope you find your way home

He was like Moonshine, he was strong as hell  
Like that old dirt road had a story to tell  
Didn't know it then but now I see  
He was everything a man should be  
He was constant, always stayed the same  
Seasons came and went but he never changed  
Didn't know it then but now I see  
He was everything to me  
He was like moonshine  
He was like moonshine

The floors still creak by our old church seat, kinda glad they left 'em  
I can feel you here somehow  
And goodbye seems to hard for me, now that you've left us  
There's one more angel singing now

Oh and every day I would wait I would pray he could stay here with me  
No, I don't want to let go, I hope you've found your way home

He was like Moonshine, he was strong as hell  
Like that old dirt road had a story to tell  
Didn't know it then but now I see  
He was everything a man should be  
He was constant, always stayed the same  
Seasons came and went but he never changed  
Didn't know it then but now I see  
He was everything to me  
He was like moonshine  
He was like moonshine

He was like Moonshine, he was strong as hell  
Like that old dirt road had a story to tell  
Didn't know it then but now I see  
He was everything I need

He was like Moonshine  
Didn't know it then but now I see  
He was everything I need  
He was like Moonshine, he was strong as hell  
Like that old dirt road had a story to tell  
Didn't know it then but now I see  
He was everything to me  
He was like moonshine  
He was like moonshine
