

# Always A Friend

Alejandro Escovedo

Wasn't I always a friend to you  
Wasn't I always a friend to you  
Do you wanna be my friend  
Do you wanna be my friend  
Every once in a while honey let your love show  
Every once in a while honey let yourself go  
Nobody gets hurt no nah  
Nobody gets hurt

We came here as two, we laid down as one  
I don't care if I'm not your only one  
What I see in you, you see in me  
But if I do you wrong  
Smoke my smoke, drink my wine  
Bury my snakeskin boots somewhere I'll never find  
Still be your lover, baby  
Oh-oh oh oh-oh oh

Wasn't I always a friend to you  
Wasn't I always a friend to you  
Do you wanna be my friend  
Do you wanna be my friend  
Every once in a while honey let your love show  
Every once in a while honey let yourself go  
Nobody gets hurt no nah  
Nobody gets hurt

Well I could be an astronaut on the wrong side of the Moon  
Or wrapped up like a baby on a bus home to you  
Wherever I go, will you go with me?  
But if I do you wrong  
Take the master suite, I'll take the floor  
Sleep in late, get your rest  
I'll catch up on mine  
Still be your lover, baby  
Oh-oh oh oh-oh oh

Wasn't I always a friend to you  
Wasn't I always a friend to you  
Do you wanna be my friend  
Do you wanna be my friend  
Every once in a while honey let your love show  
Every once in a while honey let yourself go  
Nobody gets hurt no nah  
Nobody gets hurt

It's only love  
Oh-oh oh oh-oh oh
