## I'm Sorry

## **Alela Diane**

Oh, I want to say
I'm sorry
I didn't mean to play
Such a sad song

It  $\square$ s clearly about you It  $\square$ s clearly about you

And I want to say IOm sorry For making you recall What is now gone

And I want to say IOm sorry For making you recall What is now gone

And I want to say IDm sorry For this tune has become A sad song

It  $\square$ s clearly about you It  $\square$ s clearly about you And I'm sorry
