

# A Forbidden Dance

Alesana

Stay to the path  
Trust only your faith  
To falter is to hasten your doom  
I dare not say  
My hope is slipping away  
Such gleaming fangs mock  
The gilded gates  
The way of the truth  
Tell me what to do  
Sweet spirit  
Welcome to what I call hell  
Your wildest dreams have come true

Help me!  
Infatuation has strangled me again  
There's no resisting  
The tangled web of your secret fantasy  
A strange sensation is falling over me  
I may be blind but I can see  
(Your kiss will punish me)  
Your kiss will ruin me

Well, here we go!  
I tear myself from the beaten path  
Never to look back  
And still I glance  
The lure of a forbidden dance  
I'm hypnotized by the sordid nymph  
Who races from me  
Suddenly my eyes see clearly  
Welcome to what I call hell  
Your wildest dreams have come true

Help me!  
Infatuation has strangled me again  
There's no resisting  
The tangled web of your secret fantasy  
A strange sensation is falling over me  
I may be blind but I can see  
(Your kiss will punish me)  
Your kiss will ruin me

I fall down on my knees  
In anticipation of the dawning  
Curiosity is laughing  
I decide  
That if I'm to die here  
I will not go calmly  
(Down without the fight)

Help me!  
Infatuation has strangled me again  
There's no resisting  
The tangled web of your secret fantasy  
A strange sensation is falling over me  
I may be blind but I can see  
(Your kiss will punish me)

Your kiss will ruin me

Your wildest dreams have come true
