

# Before the Sun Goes Down

Alesha Dixon

Ayeayeayeaye no no no oh!  
All we seem to do is fight, can't seem to get it right  
boy.  
I'm losing all control, don't want to let it go.  
Wanna make this work.  
What happened to the day when you make me believe in  
you?  
You came and set me free, released the love in me,  
Where did it gooo?  
Can we say that tonight,

Baby baby before the sun goes down, just wanna get this  
thing right.  
Baby baby before the sun goes down.  
Just wanna look in your eyes,  
baby baby, let's give it a try, baby baby yeah yeah,  
baby baby.  
Before the sun goes down  
Just wanna look in your eyes.  
Baby baby, let's give it try.baby baby

This doesn't have to be another what could have been,  
Can't we get it back, get it back on track?  
I don't wanna let another in my heart.  
Let's not pull away, let's take the chance to breathe,  
remember the first day when you touched me?  
Boy don't let this die!  
Can we say that tonight,

Baby baby before the sun goes down, just wanna get this  
thing right.  
Baby baby before the sun goes down.  
Just wanna look in your eyes,  
baby baby, let's give it a try, baby baby yeah yeah,  
baby baby.  
Before the sun goes down  
Just wanna look in your eyes.  
Baby baby, let's give it try.baby baby

Ups and downs are coming round again,  
just gotta take 'em up, wisen up, no need to lose the  
love.  
If you're ever in this place agin, I'll be your  
wonderwoman.  
Can we say that tonight

Baby baby before the sun goes down, just wanna get this  
thing right.  
Baby baby before the sun goes down.  
Just wanna look in your eyes,  
baby baby, let's give it a try, baby baby yeah yeah,  
baby baby.  
Before the sun goes down  
Just wanna look in your eyes.  
Baby baby, let's give it try.baby baby
