

# Superficial

Alesha Dixon

I guess what I'm trying to say is,  
Every day is like a different flavour  
I know it can be superficial  
But in the end, there's more that I discover  
I'll it break down, what I'm saying  
Cause one day you're high  
And then the next you're low  
It's like a merry-go-round  
Wherever you go, you're gotta ride it  
Anything is possible, I'm feeling good  
Oh it's what I do it for, it's all the music's gonna give me \*

Oh it's superficial  
But underneath it all, it can be so wonderful  
It feels like no other high  
But underneath it all, it's superficial, yeah

I don't wanna sound ungrateful  
I wouldn't change it cause I love what I do  
It's a love hating complication  
I'm getting knocked down but I always pull through  
Cause one day you're high  
And then the next you're low  
You gotta work it out, what living is all about  
Cause anything is possible, we're feeling good  
Oh we do it just for you  
We're getting back what we've giving

Oh it's superficial  
But underneath it all, it can be so wonderful  
It feels like I'm on a high  
But underneath it all, it's superficial, yeah

You got me dazed and confused  
But I'm loving all that I do  
Otherwise I wouldn't pursue  
Cause I always live by the truth  
And now I need a little time to do the do  
Cause I'm living by the rhythm and the blues  
I'm gonna tell you about how I made it through  
By being open and wise to fools  
It's it's electricity, hey connected physically  
A mental stimulation, ya feeling me  
Once, twice, and then comes the trilogy  
For better or worse, they're still selling me  
How ya like the way it sounds?  
The way that the beat goes down  
And all I wanna do is spit pon de mic  
Cause the rest is superficial  
Don't beleive the hype

Oh it's superficial  
But underneath it all, it can be so wonderful  
It feels like I'm on a high  
But underneath it all, it's superficial, yeah
