

Growing Pains (Reprise)

Alessia Cara

These days I'm my own best friend
I make my bed to lay in it again
Don't know who to trust
And no time of the month can justify this

Blame it on the growing pains
Just blame it on the growing pains
Blame it on the growing pains
Don't blame it on me
Blame it on the growing pains
Just blame it on the growing pains
Blame it on the growing pains, yeah
But blame it on me

Just blame it on me
But do I blame it on me?
