

Rooting for You

Alessia Cara

Got me feeling like the elephant
In every room I'm walking into, yeah
We started out innocent
'Til I got pulled right into your issue, yeah

I'm tired of sending hugs and kisses, oh
I'm tired of all your burning bridges

It's like, damn
Why you gotta be so cold in the summertime, summertime?
I was really rooting for ya, yeah (I was-)
I was really rooting for ya, yeah yeah (I was- for ya)
It's like, man
Why you gotta be so cold in the summertime, summertime?
I was really rooting for ya (I was-)
We were really rooting for ya (For ya), yeah yeah yeah
(I was- for ya)

Now I see you're having so much fun with everyone
You had so much fun making fun of
Did you go and bump your head?
Did you forget where you came from?

I'm tired of sending my well wishes
I'm tired of all your burning bridges, yeah

It's like, damn
Why you gotta be so cold in the summertime, summertime?
I was really rooting for ya, yeah (I was-)
I was really rooting for ya, yeah yeah (I was- for ya)
It's like, man
Why you gotta be so cold in the summertime, summertime?
I was really rooting for ya (I was-)
We were really rooting for ya (For ya), yeah yeah yeah

I'm not even brokenhearted (Nah, nah)
I'm just a little disappointed (Nah, nah)
What a shame, we coulda had a good thing
You let go of a good thing

It's like, damn
Why you gotta be so cold in the summertime? (Summertime)
I was really rooting for ya, yeah
I was really rooting for ya
Oh, I was really rooting for ya

It's like, damn (Damn)
Why you gotta be so cold in the summertime, summertime?
(In the summertime, in the summertime)
I was really rooting for ya (I was-), no no
We were really rooting for ya, yeah yeah
(We were really rooting for ya)

It's like damn
Why you gotta be so cold?
Why you-
I was really, I was really rooting for ya
