

Scars

Alesso

I think scars are beautiful
I think black is white
I'm stuck between the hell I'm in and where we lay
You say that this could kill you
Your words cut like the knife
We are the beautiful mistake
That I can't find

So I, I, I don't care if it kills me tonight
'Cause I, I I'll be loving these scars for life!
And I, I, I don't care if it kills me tonight
'Cause I, I, I I'll be loving these scars for life!

I think scars are beautiful
I think black is white
I'm stuck between the hell I'm in and where we lay
You say that this could kill you
Your words cut like the knife
We are the beautiful mistake
That I can't find

And I, I, I don't care if it kills me tonight
'Cause I, I, I I'll be loving these scars for life!
I'll be loving these scars for life!

And I, I, I don't care if it kills me tonight
'Cause I, I, I I'll be loving these scars for life!
