Wenches & Mead

When I come back from a mighty quest I have no need for sleep or rest I head to a tavern for a drink And get so drunk I cannot think A wench by my side and a jug of mead These are the things that I most need So I sit back and sing this song And drink and party all night long

Hey! Hey!
I want more wenches
Hey! Hey!
More wenches and mead
Hey! Hey!
I want more wenches
Lots of wenches is what I need
