

# Wolves of the Sea

Alestorm

With a hi hi ho and a hi hi hey!  
We're hoisting the flag to be free  
We will steal the show, Jolly Rogers go  
We are wolves of the sea

Don't try to run, it's all said and done  
There's a treasure in sight  
We are robbing you blind I hope you don't mind  
We are taking it all tonight

Just walk away we will conquer it all  
Pirates will stand and the loser will fall

With a hi hi ho and a hi hi hey  
We're bound to be close to the sea  
Our captain will stand on the bridge and sing  
Pirates are all we can be

With a hi hi ho and a hi hi hey!  
We're hoisting the flag to be free  
We will steal the show, Jolly Rogers go  
We are wolves of the sea

Down to the core we're coming for more  
With a sword close at hand  
We are scary and bold, with a chest full of gold  
We get sea legs when sighting land

The hook of our captain is looking at you  
There's no Peter Pan so what can you do

With a hi hi ho and a hi hi hey  
We're bound to be close to the sea  
Our captain will stand on the bridge and sing  
Pirates are all we can be

With a hi hi ho and a hi hi hey!  
We're hoisting the flag to be free  
We will steal the show, Jolly Rogers go  
We are wolves of the sea
