

# Breathless

Alex Goot

Hopefully you'll be fine without me by your side  
Hopefully I will too  
Times have changed  
And now I don't even know myself  
Do I even want to?

You can breathe while I  
I will suffocate myself  
What is it about you?  
You can breathe while I'm  
Out of oxygen tonight  
What is it about you

That leaves me breathless  
You leave me so breathless  
You leave me so breathless  
And now I can be  
Out of sight out of mind out of sight of you  
Oh

You believe in lies  
Like the one you told yourself  
With your heart out on your sleeve  
Make a note to say  
It's not over 'til it's gone  
Is there time for you and me?

You can breathe while I  
I will suffocate myself  
What is it about you?  
You can breathe while I'm  
Out of oxygen tonight  
What is it about you

That leaves me breathless  
You leave me so breathless  
You leave me so breathless  
And now I can be  
Out of sight out of mind out of sight of you  
Oh
