

# Everything But You

Alex Goot

I bet you're listenin  
Even when you're with him  
I feel you thinking of me  
Under the circumstance  
If we could try again  
You could finally see

It's like a mystery  
The way you get to me  
And I can't figure it out  
When I contemplate all the things I need  
Oh there's one thing I'm still without

I've got my life  
I've got the time to fill it  
I've got my mind  
Racing like a bullet  
I've got it all everything but you  
Got this guitar  
I strum my heart into it  
We've got tonight  
Let's turn it into music  
I've got it all everything but you  
Everything but you

Your mind is broken down  
It's all I think about  
Feels like I'm living a lie  
You've got me sinking here  
No I'm not thinking clear  
Girl won't you give me a try

You're like a drug to me  
And there's no remedy  
Except for hittin the ground  
When I contemplate all the things I need  
Oh there's one thing I'm still without

I've got my life  
I've got the time to fill it  
I've got my mind  
Racing like a bullet  
I've got it all everything but you  
Got this guitar  
I strum my heart into it  
We've got tonight  
Let's turn it into music  
I've got it all everything but you  
Everything but

Won't say it's love but I can't get enough  
And I I don't care anymore  
I feel the rush and the  
The loss of blood cuz you're  
Draggin' my heart on the floor

I've got my life

I've got the time to fill it  
I've got my mind  
Racing like a bullet  
I've got it all everything but you

I've got my life  
I've got the time to fill it  
I've got my mind  
Racing like a bullet  
I've got it all everything but you  
Got this guitar  
I strum my heart into it  
We've got tonight  
Let's turn it into music  
I've got it all everything but you  
Everything but you
