

Living Addiction

Alex Goot

1. Only a fool would change himself
For a girl that lets him down,
Only a fool would take a chance
A love that could never last

X: And now I sit here on my own
And dream of a girl that I used to know
I can't take her off my eyes again
'Cause she's my living addiction

R: I know I'll do it again but I don't know why (She is my living addiction)
I wanna know why this feeling feels so right (She is my living addiction)
Oh she's the one that you know you're waiting on (She is my living addiction)
I know I'll do it again but I don't know why (She is my living addiction)

2. Every day she's my living addiction
And if I ever get the chance
I'm gonna face it like a man, oh
I need to take my own advice
I can finally realize

X: And now...

R: I know I'll do it again...

*: I was stuck in this rut so long
I've been making up time to save my life
I'm convinced it's just a phase
But every day I lose my mind
If I never came back and I lost my head
Would I be better off tonight
Just one way to find... out

R: I know I'll do it again... (2x)
