

Same Day

Alex Lloyd

In the news, they sing the blues
Winners win and losers lose
Hold your head up, present your chin
Prepare yourself to take it in

It's the same day happening again
It's the same day over and over again

I was fooled by make believe
Looking for some debts relief
All my cares and all my woes
Give them over, let 'em go

It's the same day happening again
(Give them over, let 'em go)
It's the same day over and over again
(Give them over, let 'em go)

With your slicked back hair
You'll find it there
You'll find it there

It's the same day happening again
(Give them over, let 'em go)
It's the same day over and over again
(Give them over, let 'em go)

It's the same day happening again
(Give them over, let them go)
It's the same day over and over again
(Give them over, give them over, let them go)
