

# Save My Heart

Alex Mica

Today I am living, cause my heart is beating  
I wanna be next to you  
I wanna breathe next to you  
Tell me where you are  
If you are still far  
Cause I need you now  
I wanna be next to you  
I wanna breathe next to you

God I'm going crazy, cause you're tearing me apart  
And I need you baby  
Can you come and save my heart  
God I'm going crazy, cause you're tearing me apart  
And I need you baby  
Can you come and save my heart

I don't wanna be in the heartbreak feeling  
I wanna be next to you  
I wanna breathe next to you  
Tell me where you are  
If you are still far  
Cause I need you now  
I wanna be next to you  
I wanna breathe next to you

God I'm going crazy, cause you're tearing me apart  
And I need you baby  
Can you come and save my heart
