

# This Ain't Over

Alex Newell

Took my time  
But it's oh so deep  
Won't sleep forever  
I survived  
You should know  
You don't get no surrender

Hey  
No I'm never gonna fade away  
You ain't never gonna see the day  
Oh I won't say bye

No doubt you wrote me off long ago  
But no I won't give up  
This ain't over, over, over  
This ain't over, over, over  
And each time you let me off, cut the rope  
I just come back harder  
This ain't over, over, over  
This ain't over, over, over

This ain't over, over  
This ain't over, over, over

I'm alive  
Til my last breaths done  
I'll run, I'm ready  
Visualize  
Til my kingdom comes  
My heart won't stay

Hey  
No I'm never gonna fade away  
You ain't never gonna see the day  
Oh I won't say bye

No doubt you wrote me off long ago  
But no I won't give up  
This ain't over, over, over  
This ain't over, over, over  
And each time you let me off, cut the rope  
I just come back harder  
This ain't over, over, over  
This ain't over, over, over

Hey  
No I'm never gonna fade away  
You ain't never gonna see the day  
Oh I won't say bye  
This ain't over, over, over  
No  
This ain't over, over, over  
No

No doubt you wrote me off long ago  
But no I won't give up  
This ain't over, over, over

This ain't over, over, over  
And each time you let me off, cut the rope  
I just come back harder  
This ain't over, over, over  
This ain't over, over, over  
No it ain't over
