

Just Kids

Alex & Sierra

Floating on, while the world is sinking
Umbrellas in the cups we're drinking
I love it, la la la love it
I love it, la la la love it
Light it up in the darkest hour
Our dreams only getting louder
I love it, la la la love it
I love it, la la la love it
This is our time now
Not to let you think about
Baby let your hair down
I love it, la la la love it
I love it, la la la love it
These are our last words
Gonna be the last words heard
Baby we'll be crushing up

We're just kids, that's it all on fire
We are, we are, we are
We're just kids, that's it all on fire
We are, we are, we are
We are, we are, we are
We're just la la la la

I shouldn't tell you that I see through your dress
They're gonna shake me in the drunken secrets
I love it, la la la love it
I love it, la la la love it
Little late, come a little closer now
You can see me while the stars are falling down
We are, we are, we are
We are, we are, we are
This is our time now
Not to let you think about
Baby let your hair down
I love it, la la la love it
I love it, la la la love it
These are our last words
Gonna be the last words heard
Baby we'll be crushing up

We're just kids, that's it all on fire
We are, we are, we are
We're just kids, that's it all on fire
We are, we are, we are
We are, we are, we are
We're just la la la la

Night are red, and days are gold
Sun goes up, moon is fall
Just as kids, letting go
Just as kids, letting go

Nights are red, and days are gold
Sun goes up, moon is fall
Just as kids, letting go
Just as kids, letting go

We're just kids, that's it all on fire
We are, we are, we are
We're just kids, that's it all on fire
We are, we are, we are
We are, we are, we are
We're just la la la la
