

U had it great but u let her down  
U had your fun it's all over now  
U were the one she loved  
Its your own fault  
Whyd u treat her wrong it's all over now  
Even though she tried to keep u satisfied  
U never paid her no mind it's all over now  
So just say goodbye  
Cause she gon roll with me  
U had her

She used to  
Be your girl  
Now I'll take over  
Back off  
Her call  
Its my turn  
Ill take over  
Anything that she couldnt get from u  
U know she gets from me  
She does things that she aint do with u  
Take it from me  
You had your break  
(but u let her down)

So forget it now  
Don't u hate on me  
Why u feelin hurt  
U treated her like dirt  
So forget it now  
Anyone can see  
Shes better of with me  
Homeboy, she's gone  
So forget it now  
Wont u say good-bye  
Cause she gon slide with me  
U had her

She used to  
Be your girl  
Now I'll take over  
Back off  
Her call  
Its my turn  
Ill take over  
Anything that she couldnt get from u  
U know she gets from me  
She does things that she aint do with u  
Take it from me

I know she used to be your lady  
But im gonna have to take over your baby  
So don't hold on to the past  
Cause she's gone  
The sooner the better you let her go with me  
Cause she decided that she's rollin with me  
U had her  
She used to  
Be your girl  
Now I'll take over

Back off  
Her call  
Its my turn  
Ill take over  
Anything that she couldnt get from u  
U know she gets from me  
She does things that she aint do with u  
Take it from me  
U had her  
She used to  
Be your girl  
Now I'll take over  
Back off  
Her call  
Its my turn  
Ill take over  
Anything that she couldnt get from u  
U know she gets from me  
She does things that she aint do with u  
Take it from me (2x)
