

# Ode To Homies

Alex

We're just chilling  
Me and my boys keep it real n'  
Wheels spinning  
Feeling  
So good, honeys all up in our grill n'  
We're just grinning  
Swinging  
Moving  
Grooving, shooting hoops n'  
Just bouncing to the music

A.l.e.x.  
Y'all let's do this

I get by - with a little help from my homies  
Gon' ride - with a little help from my homies  
Get high - with a little help from my homies  
(singing) la, la, la, la, la, la, la, la, la...

We're rolling  
I love the way that we're stolling  
We're just drinking beers and smoking  
Laughing out loud and joking  
'till 5 in the morning  
Nothing  
Can bring us down  
We're just young n'  
Thugging (ha-ha)  
Something  
On and on n'...  
This is an ode to my homies

Gon' ride - with a little help from my homies  
Get high - with a little help from my homies  
(singing) la, la, la, la, la, la, la, la, la...

I know you hold it down for me (holla holla)  
So i will hold it down for y'all (holla holla)  
You've always been around for me (holla holla)  
This is just the way we roll (sing it with me now)

I get by - with a little help from my homies  
Gon' ride - with a little help from my homies  
Get high - with a little help from my homies  
(singing) la, la, la, la, la, la, la, la, la...

Throw ya' hands up  
Make ya' head bob  
If you feel this -  
You don't stop

...ha, ha, ha
